Re: Interstate DBE/ACDBE Certification Approval

Dear Esther Franklin:

TxDOT determined that Alrows, LLC has met the requirements for Interstate DBE/ACDBE certification pursuant to §26.85. Your firm is now an Interstate certified DBE in the Texas Unified Certification Program.

As an approved Interstate DBE/ACDBE certified firm in Texas, your firm is now listed in the TUCP directory located at <https://txdot.txdotcms.com> with the same NAICS codes assigned by your jurisdiction of original certification (JOC).

Each year on the anniversary of the firm's certification, you are obligated to submit to TxDOT the same Declaration of Eligibility (DOE) and supporting documents submitted to your JOC. Your firm's certification anniversary is determined by your JOC.

*Certification Anniversary: **January 31st***

TxDOT will send a system generated courtesy reminder to the email address of record in advance of the DOE due date.

To request additional NAICS code be added to the firm's certification, submit an Expansion request in the TxDOT DMS system. If participating on a DOT-assisted contract, the DBE must perform a commercially useful function (CUF) as per §26.55(c). All DBEs certified pursuant to 49 CFR Part 26 are automatically certified in TxDOT's Small Business Enterprise (SBE) Program and are eligible to participate on state funded contracts and procurements.

For information regarding Supportive Services, Outreach events, conferences, or contracting and procurement opportunities at TxDOT, visit <https://www.txdot.gov> or send an email to [CIV\\_Outreach@txdot.gov](mailto:CIV_Outreach@txdot.gov) with the subject line "*Business & Community Engagement*".

For general inquiries about DBE/ACDBE certification, contact Christina Calvo at (512)416-4705.

Sincerely,

A handwritten signature in blue ink, appearing to read "MD Bryant", is written over a light blue horizontal line.
